

FULL COMMITTEES TO HEAR G. O. P. CONTESTS

PLAN TO HAVE SUB-COMMITTEES HOLD HEARINGS IS DEFEATED

Roosevelt and Hughes Forces Join Hands to Defeat Plan--G. O. P. Leaders Begin to Inquire What Action Progressive National Convention Will Take.

Chicago, June 1.—Political supporters of Roosevelt and Hughes were jubilant tonight over the defeat of a plan of certain members of the Republican national committee to have the contest over delegates heard by sub-committees instead of by the full committee which always has decided these disputes.

Forces Protest Vigorously.
When Chairman C. O. Hilles suggested that sub-committees be named to go over the documents in the contests so that the full committee need not waste time considering trivial disputes the Roosevelt and Hughes forces scented a possible plot to have the contests considered in secret sessions and they protested vigorously. Senator Reed Smoot, national committeeman from Utah and a Hughes supporter, led the fight against the plan and succeeded in having the motion voted down. Roosevelt and Hughes forces in the committee joined hands to defeat the plan and claimed an important victory in its first scrimmage with the organization.

Chairman Hilles and managers of the "favorite son" candidates professed to see no significance in the action and insisted that the only purpose of the appointment of sub-committees was to expedite the hearings.

Republican leaders today began to inquire what action will be taken by the Progressive national convention which meets June 7th. They are trying to get some definite information as to whether Colonel Roosevelt really intends to run for president as the candidate of the Progressive party in the event another man is chosen by the Republicans.

Harold Ickes, national committeeman from Illinois in the Progressive party, declared that he favored nominating Roosevelt regardless of any action taken by the Republicans. He said Roosevelt was the first and only choice of the Bull Mooseers for president and believed Roosevelt would be nominated. Word was received from numerous Bull Moose state delegations that they favored nominating Roosevelt on the first ballot and adjourning the convention without waiting to see what the Republicans may do.

There were more active workers for Roosevelt than all the other candidates combined in evidence around convention headquarters today. The effect of the campaign being made by the Roosevelt Business Men's organizations in the different states in sending telegrams and writing letters to delegates urging them to vote for Roosevelt either on the first or second ballots was a topic of general discussion. Some delegates expressed the opinion that the campaign might prove a boomerang while others declared that the appeal of the business men would influence many votes in the convention.

Mrs. Antoinette Funk, representing the American Woman Suffrage association, asked Frank H. Hittcock to telegraph Justice Hughes and obtain his views on national woman suffrage. Mr. Hittcock declined and explained that he would not undertake to obtain the views of Mr. Hughes on a political question at this time. Mrs. Funk said she might telegraph Mr. Hughes on her own responsibility.

State Chairman Charles A. Rawson of Iowa, in charge of campaign headquarters of Senator Cummins gave out a statement claiming 106 votes for Cummins on the first ballot as follows: Iowa, 26; Minnesota, 24; Nebraska, 16; South Dakota, 10; Montana, 8; Arkansas, 10; Wyoming, 2; California, 6; Oklahoma, 4.

Sixty four second choice votes are claimed as follows: North Dakota, 9; Wisconsin, 16; Oregon, 19; Washington, 14; Michigan, 11. "We believe that the fight between Roosevelt and Hughes which is growing in bitterness every day will make it inexpedient for party success to nominate either," said Mr. Rawson. "In that event we think the convention will turn to Cummins as a man who can unite all factions and win."

A statement issued by the Root headquarters claims a majority of the New York delegation for Elihu Root on the first ballot. James R. Sheffield, George R. Sheldon and J. Sloat Fassett, delegates from New York, and Cornelius N. Bliss, an alternate from the same state, were leaders at the Root headquarters.

Mr. Bliss said: "The business men of New York are for Mr. Root. They believe he is the man to handle the big questions which are coming up during the next four years and which will vitally affect all business. Mr. Root, if nominated will carry New York by a tremendous majority."

Complaint was made to those in charge of Chicago's preparedness parade to be held Saturday that friends of Roosevelt were planning to use the demonstration to advance the interests of their candidate. The charge is made that large electric signs are being erected bearing Roosevelt's name along the line of march and thousands of banners with Roosevelt's name on them have been purchased for distribution among the marchers.

Those in charge of the parade de-

FUNSTON GIVES INFORMATION OF MEXICAN TROOP MOVEMENTS

Details of Report Are Not Made Public by War Department.

San Antonio, June 1.—Major General Funston sent today to the war department all the information he has obtained of the movements of Mexican troops. The report was made at the request of the department and the details were not made public here.

Except for the fact that the number of troops the Mexican war minister of war has sent into Northern Mexico is so much greater than the number he had told Generals Scott and Funston he would send, army officers have seen little to cause them to believe an attack is to be made on the American troops. Some threats against General Pershing's forces have been reported made by minor officers of the Mexican army and a few instances of action that appeared indicative of contemplated harassing of the American troops further south have been reported, but General Funston and his staff are not inclined to believe any serious rupture will occur, unless ordered from Mexico City.

Information that has been received at General Funston's headquarters is of a contradictory character, but it appears certain that the number of American troops now in the state of Chihuahua is between 20,000 and 30,000. Information as to the number in the state of Sonora is more exact and places the Mexican army there at 17,000.

The Mexican troops were reported well provided with ammunition and with them are several batteries of artillery.

THOUSANDS GREET COLONEL ROOSEVELT AT NEWARK, N. J.

Colonel Delivers Address at Industrial Exposition—Touches on Tariff Question.

Newark, N. J., May 1.—Returning from his middle western trip, Colonel Theodore Roosevelt stopped here tonight on his way to his home at Oyster Bay to deliver an address at the Industrial Exposition held in connection with the celebration of the 25th anniversary of the founding of the Newark. He was greeted by thousands of persons who heartily applauded him.

Colonel Roosevelt was met at the railroad station by former Governor Franklin Murphy, Mayor Thomas L. Raymond and a committee of citizens who escorted him to a hotel where an informal dinner was served before he started for the armory, where the exposition is being held.

Before he entered the exposition building Colonel Roosevelt stopped to address briefly a company of New Jersey National Guardsmen. "I do not believe," he said, "in weasel words or weasel deeds. I don't believe in letting 'George do it.' But I believe in preparedness. I am glad to greet you men who represent preparedness."

"I do not believe in the kind of preparations where the patriotic employer tells his employees to 'do it.' I believe the employer and the employee should sleep in the same dog bed, if we are to have effective preparedness."

In his formal address in the armory, Colonel Roosevelt touched at considerable length upon the tariff question. He declared a protective tariff is the barrier behind which American industry can be developed in safety and asserted that unless such a tariff is created the United States will face economic disaster after the close of the European war.

"After this war," the former president said, "we shall face a Europe which has cast off the shackles of the past and which industrially will be as aggressive as any military power ever has been in a military sense."

"It is time for this great country of ours to be unified in its Americanism. One phase of that Americanism must be the Americanism of our industries. With this end in view it is an absolute necessity that there be protection that we shall have a protective tariff as I have on other occasions described."

PROBE CLAIM FOR INSURANCE.

Quincy, Ill., June 1.—Representatives of a life insurance company were in Quincy today investigating a claim said to have been filed by Mrs. Birdie Davis of Springfield, for the insurance carried by her brother, Lieke Matticks of this city.

The certificate is said to represent that Matticks died here. He was on trial recently for arson but was acquitted. The local health department is aiding in tracing the source of the certificate.

It is declared that every effort will be made to prevent the demonstration being used for political purposes.

The recently appointed Republican committees of Illinois business men headed by J. Ogden Armour of Chicago held its first meeting here today and adopted resolutions urging Roosevelt's nomination for president by the Republican national convention.

John S. Miller, Palmer Dixon, John M. Harlan, City Clerk John S. Hartman, City Treasurer Charles H. Sargent and Henry L. Hertz, spoke.

SENATE CONFIRMS BRANDEIS' NOMINATION

VOTE ENDS ONE OF BITTEREST CONTESTS AGAINST NOMINEE

Only One Democrat Votes Against Confirmation—New Justice Probably Will Take Oath of Office June 12, Just Before Court Adjourns.

WASHINGTON, June 1.—The nomination of Louis D. Brandeis of Boston to the supreme court to succeed the late Joseph Rucker Lamar was confirmed by the senate today by a vote of 47 to 22. The vote, taken without debate, ended one of the bitterest contests ever waged against a presidential nominee. Mr. Brandeis will be the first Jew to occupy a seat on the supreme bench.

Only one Democrat, Senator Newlands, voted against confirmation. Three Republicans, Senators La Follette, Norris and Poinsett voted with the Democratic majority, and Senators Gronna and Clapp would have done so, but were paired with Senators Borah and Kenyon. The negative vote of Senator Newlands was a complete surprise to the senate and the Nevada senator, recognizing that his action had aroused comment, later made public a formal explanation.

"I have a high admiration for Mr. Brandeis as a publicist and propagandist of distinction," said Senator Newlands. "I do not regard him as a man of judicial temperament and for that reason I have voted against his confirmation."

Through the fight President Wilson stood firmly behind his nominee, never wavering when it seemed certain that an unfavorable report would be returned by the senate judiciary committee. Before the committee voted he wrote a letter to Chairman Cullerson, strongly urging prompt and favorable action.

Of the senators who were paired many were absent because of the approaching Republican national convention in Chicago. All absent senators had arranged to be paired in the vote, however, except Senators Clarke of Arkansas and McLean of Connecticut. Senator Sherman of Illinois, was paired with Sherman Thompson of Kansas, but released the Kansas senator so that he might vote.

The nomination of Mr. Brandeis was sent to the senate January 28th. It was referred to the judiciary committee and immediately a flood of protests against confirmation and memorials in favor thereof began to pour in.

A sub-committee consisting of Senators Chilton, Fletcher, Walsh, Cummins and Works was appointed to report on the nomination. It adopted the unusual course of holding public hearings. Clifford Thorne, railroad commissioner of Iowa, was the first witness protesting against confirmation on the ground that Mr. Brandeis had been guilty of unprofessional conduct in handling the five per cent rate advance case before the interstate commerce commission.

In all forty seven witnesses were heard and 1,500 pages of testimony taken. On April 3rd, the sub-committee by a strict party vote, recommended confirmation and on May 24th, the full committee agreed to a favorable report by another strict party division. A compromise agreement was entered into by those opposed and those favoring confirmation, by which the vote was taken today without debate but with publication of the vote and the reports of the majority and of the minority of the judiciary committee.

The minority report declared that twelve charges against Mr. Brandeis had been sustained by the evidence and that in addition proof had been offered of the bad reputation of Mr. Brandeis among the lawyers of the Boston bar. The charges referred to were in regard to the five per cent advance rate case, the Glavis-Ballinger investigation, the Lennox bankruptcy case, the United Shoe Machinery company litigation, the Warren Will case, the Illinois Central railroad proxy fight, the New England railroad litigation, the Equitable Life Assurance society agitation, Massachusetts liquor legislation and the United Drug company merger.

In the report of the majority, Mr. Brandeis action in all the cases referred to by the minority was defended. The majority report held that the petitions and letters in support of Mr. Brandeis and particularly from Boston, far outweighed the opposition.

The new justice was born sixty years ago in Louisville, Ky., graduated from Harvard University in 1877 and began the practice of law in Boston after admission to the bar in 1878. He probably will take the oath of office June 12th, a week from Monday, just before the court adjourns for the summer recess.

ANNOUNCES GUARD OFFICERS

Springfield, Ill., June 1.—Adjutant General Frank Dickson announced today the appointment of three officers of Company H, Fifth Infantry, recently mustered into the service of the state at Peoria. The officers named were: Captain Grant Miles, First Lieutenant Thomas H. Blair and Second Lieutenant John W. Hartman. They are to be examined June 11.

TELEGRAPHIC BRIEFS

LONDON.—The house of commons agreed to motion made by Premier Asquith for an adjournment of the house to June 20.

TUSCOLA, Ill.—N. G. Erwin, 62 years old, well-known banker in this section, is dead of typhoid fever.

DECATUR, Ill.—John Morton, 14 years old, was struck on the hand by a baseball in a game recently at Assumption, Ill., and died of blood-poisoning.

WAUKEGAN, Ill.—The tenth panel was exhausted without netting a juror to try Will H. Orpel for the alleged murder of Marion Lambert and court ordered a recess when near fifty veniremen were impaneled.

CHICAGO.—Marriage licenses were issued here to Gordon L. Budgeon, 26, and Ethel M. Wolf, 23, both of Aurora, Ill., and to William Heister, Jr., 24, and Edna Kleese, 25, both of Bloomington, Ill.

LEWISTOWN, Ill.—Ben Pearson, charged with the killing of Joseph Day, a merchant of Smithfield, Ill., by shooting on the night of April 24, 1915, was found guilty and his penalty fixed at life imprisonment by a jury in the circuit court here.

SPRINGFIELD, Ill.—Attorneys for shippers and railroads of Illinois argued on weighing rules before the Illinois Public Utilities commission at the hearing of the proposed five per cent general freight rate advance case.

Bloomington, Ill.—David Valentine, thirty years old and unmarried was found dead here. While intoxicated he wandered to a feed yard, and in some way he fell into a dilapidated water wagon, his head catching between two spokes on a wheel, causing him to strangle to death.

ROCKFORD, Ill.—Miss Anna Marcel Halderman, niece of Miss Jane Addams of Chicago and formerly an actress, was married at the home of her grandmother at Cedarville to Emanuel Julius, of the editorial staff of the Appeal to Reason of Ward, Kans.

CHICAGO.—Sergeant Walter Lentz, first U. S. field artillery, was found dead from a bullet wound in the stock yard barracks. It is believed he accidentally shot himself while cleaning his automatic pistol.

GENERALS PERSHING AND GAVIRA DISCUSS PLANS OF CO-OPERATION

Commanders Met in Gen. Gavira's Private Car, Shuttled on a Track on Neutral Ground.

BULLETIN.

COLONIA DUBLAN, Mex., June 1.—By Wire to Columbus, N. M., June 1.—The conference between General Gabriel Gavira, commanding Northern Chihuahua and General J. J. Pershing, in charge of the punitive expedition ended tonight "very satisfactorily" in the words of General Pershing to the press correspondents.

Colonias Dublan, Mexico. Via Wireless to Columbus, N. M., June 1.—Plans of the co-operation between Mexican and American forces in Northern Chihuahua were discussed today at the first meeting between General Gabriel Gavira, constitutional commander of state of Chihuahua, and General J. J. Pershing, American expeditionary commander.

The two generals met in General Gavira's private car, shuttled on a track on neutral ground, half way between the American field base and the Carranza camp at Nuevo Casas Grandes. Only the commanders, their chiefs of staff, interpreters and stenographers were present.

The conference continued for two hours and was adjourned to be resumed late today.

When General Pershing returned to camp he confined his discussion of the conference to a brief statement issued to newspapers.

"General Gavira and I had a very pleasant and profitable talk," he said. "We went over plans which I am not at liberty to disclose and will meet again at four o'clock this afternoon." General Gavira outlined what he proposed to do and we discussed the situation simply as it affects us."

WILSON TO DELIVER DIPLOMAS TO NAVAL ACADEMY GRADUATES

WASHINGTON, June 1.—President Wilson left here tonight on the naval yacht Mayflower for Annapolis, Md., where he will deliver diplomas tomorrow morning to the graduates of the naval academy. He was accompanied by Mrs. Wilson and several relatives. The president had planned to remain on board the yacht for the week-end, but decided late today to return by automobile tomorrow afternoon.

Servant Daniels will deliver the commencement address at the exercises at Annapolis tomorrow and the president does not plan to speak.

GEN. PERSHING WILL REMAIN IN MEXICO

CARRANZA'S NOTE BRINGS NO CHANGE IN WILSON'S POLICY

Form of Reply to Mexican Document Has Not Been Determined Upon—Tone of Mexican Note Is Understood as Decidedly Offensive.

Washington, June 1.—General Carranza's note, demanding withdrawal of American troops from Mexico, has brought no change in the determination of President Wilson to maintain the present troop disposition until the ability of the de facto government to police its side of the border has been demonstrated. It was stated authoritatively today that General Pershing's forces would remain where it is until that time arrived.

A reply will be made to General Carranza but the form it will take has not been determined tonight.

President Wilson read the hasty translation of the long communication last night. A corrected text is being prepared by the state department for his information. While official comment is withheld, it is understood that the tone of the document is regarded as decidedly offensive, and certain portions of it, such as the thinly veiled accusation that the president is playing domestic politics in retaining the troops in Mexico, may draw a sharp rebuke.

It is doubtful, according to authorities on the international correspondence of the United States, if the government ever received a communication couched in as offensive terms and containing as many apparent violations of the ordinary usages of diplomatic courtesy as this 12,000 word arraignment of its good faith and honesty of purpose.

President Wilson himself will decide what course shall be pursued. The Mexican embassy distributed copies of the new note to all embassies and legations in Washington today, explaining that it did so in an effort to enlist the sympathy of other governments for the cause it sets forth. Presumably this was done under direction of General Carranza himself. Neither department officials nor members of the diplomatic corps would comment on this phase of the matter.

Some diplomatic officials express the opinion, however, that European influence might be behind the move, while others thought it merely an attempt to gain publicity and noted that the matter was urged just on the eve of the political conventions in the United States.

Officials are prepared to refute many of the statements of the Carranza note, should the president desire to enter into a discussion of facts in his reply.

Among these are the repeated declarations that General Scott, chief of staff, specifically agreed with General Oregon that no new expeditions should cross the border and admitted that the object of General Pershing's drive into Mexico has been accomplished. It is known that General Scott had no such understanding when the El Paso conference ended. On the contrary, in common with other army officers, he is said to hold that under the original exchange of notes as well as under the Scott-Oregon understanding the United States has complete liberty to follow any hot trail across the line. There was nothing to indicate today that a third expedition would not be sent immediately, should the need arise.

As to the object of the expedition having been accomplished, army officials believe that only the presence of General Pershing's force where it is assured a large part of the border of freedom from attack. They are not disposed to depend on repelling invasion at the line when it is feasible to prevent the attempts at raids before they start.

APPEALS TO U. S. COURT

Trenton, N. J., June 1.—An appeal to the United States circuit court of appeals has been taken by C. H. Verner, a Pennsylvania stockholder, from the decision of Federal Judge Reilstab, dismissing a temporary restraint in the proposed sale of the Pennsylvania Steel company of New Jersey to the Bethlehem Steel company for \$31,000,000.

DRUG CLERKS OPEN CONVENTION

Chicago, June 1.—An effort to have congress create a commission to bring about uniform pharmacy, poison and label laws in all the states will be made by the National Association of Drug Clerks, who opened their sixth convention here today. They will be in session three days. Three hundred delegates from forty-six states are in attendance.

GRANT LONGSHOREMEN AN INCREASE

San Francisco, June 1.—San Francisco ship owners today granted an increase of five cents an hour to 4,000 longshoremen who went on strike at 6 o'clock this morning. The ship owners reiterated their refusal to meet the additional demand of the strikers for a dollar overtime. The men have been receiving fifty cents an hour for straight time.

PREPAREDNESS ADVOCATES W/IN AT PROHIBITION CONVENTION

Threatened Clash Fails to Materialize—Platform Contains Plank Favoring "A Conservative Preparation for Defense."

Peoria, Ill., June 1.—The threatened clash between two factions in attendance at the state prohibition convention failed to materialize today and advocates of preparedness won an easy victory over the pacifists. The platform as adopted by the convention contains a plank favoring "a conservative preparation for defense." Adjournment was taken after the delegates placed a state ticket in the field.

The following were nominated: Governor—John R. Golden, Bloomington.

Lieutenant Governor—H. A. Dabois, Cobden.

Secretary of State—August Meyer, Barrington.

Auditor—John H. Shupp, Newton.

Attorney General—O. L. Harding, Chicago.

Treasurer—O. L. Dayton, LaMotte.

Congressman-at-large—Charles W. Williams, Galesburg, and Clay T. Gaumer, Alvin.

Trustees of the University of Illinois—Sarah Sheen, Peoria; Mattie G. Squire, Wheaton and Luceba E. Miner, Champaign.

Mrs. O. W. Dean of Chicago was elected one of the two vice-chairmen of the state central committee today, the first time a woman has been so honored.

Alonso Wilson is the other vice-chairman. George W. Woolsey of Danville was re-elected secretary and three members of the executive committee were named. They are Leo F. Jannene, Chicago, John H. Shupp, Newton and L. J. Kendall, LaMotte.

Only two were nominated for congressmen-at-large. The name of Dudley Grant Hayes of Chicago was presented for trustee of the University of Illinois, Miss Marie C. Brehm of Chicago nominated Miss Miner of Champaign and the name of Hayes was withdrawn and the three women nominated.

Eight delegates to the national convention were named by ballot today as follows:

Dan R. Sheen, Peoria.
Robert H. Patten, Springfield.
O. W. Stewart, Chicago.
Alonso Wilson, Wheaton.
V. G. Hinshaw, Chicago.
Charles Joseph Jones, Chicago.
Marie C. Brehm, Chicago.
Helen Hood, Chicago.

The women were permitted to four electors at large and four members of the state central committee at large. The electors selected were Miss Metzger, Moline; Mrs. Mary Smith, Princeton; Mrs. Ella Root, Edwards and Ella Stewart, Pinckneyville. The committeemen at large are Mrs. Florence Hyde, Erie; Mary Whittemore, Peoria; Clara Hamm, El Paso and Mrs. Blondine V. Tovey, Galesburg.

Delegates subscribed a fund of \$3,764 for the campaign.

SUMMER CAPITAL BRUSHING UP

Long Branch, N. J., June 1.—The new "summer capital" has had a thorough brushing up. A new railroad siding has been built to accommodate the President's private car, and the railroad station has been beautified. The famous mansion, "Shadow Lawn," at Elberon, formerly the home of the late John A. McCall, is in readiness for the President and his guests.

THREE DIE IN CLOUDBURST

McGregor, Iowa, June 1.—Three men sleeping in a barn were drowned tonight following a cloudburst which caused the flooding of this town about 8 o'clock. The water rose about six feet in five minutes, and the men whose names are not known were unable to escape.

A large lumber yard has been swept away and families are moving out for fear of a repetition of the flood of eight years ago.

HOUSE RETAINS SECTION

Washington, June 1.—An unsuccessful fight was led by Representative Gardner of Massachusetts against the section of the naval bill embracing the Hensley resolution authorizing participation by the United States in the establishment of an international court for the enforcement of peace. The section was retained without a roll call in the house sitting as a committee of the whole.

QUARTER-CENTENNIAL OF UNIVERSITY OF CHICAGO

Chicago, June 1.—The festivities incident to the quarter-centennial celebration at the University of Chicago opened today with the law school alumni dinner, and will continue each day until Tuesday evening. Tomorrow will be Conference day, Saturday will be Alumni and Students' day, with many gala events and there are other events for Sunday, Monday and Tuesday.

FEED MANUFACTURERS ELECT

Peoria, June 1.—Delegates to the eighth annual convention of the American Feed Manufacturers association practically completed their business today, elected officers and planned to adjourn tomorrow morning. Many of the eastern delegates departed for their homes tonight.

REPORT THREE STEAMERS SUNK

London, June 1.—Lloyds reports that the British steamers Baron Tweedmouth and Julia Park, both unarmed, have been sunk.

The British steamer Lady Ninian is reported sunk.

GERMANS ENTER FRENCH FIRST LINE TRENCHES

SWITCH OFFENSIVE TO SECTOR BETWEEN THIAUMONT FARM AND VAUX

Rome Reports Italians Continue to Hold Back Attacks by Austrians at Various Points Along the Tyrol Front—Turks Take Offensive at Three Points.

The Germans have switched their offensive from the region of LeMort Homme, northwest of Verdun, to the sector between the Thiaumont farm and Vaux, northeast of the fortresses, and have succeeded here in entering French first line trenches between fort Douaumont and the Vaux pond.

The attack was made over a front of about two miles and was preceded by violent artillery preparation. The French met the German onslaughts with their machine guns and succeeded in holding back the attacking forces everywhere except at the point between fort Douaumont and the Vaux pond. Heavy losses were inflicted on the Germans, according to Paris.

The heavy fighting around LeMort Homme and the Avercourt wood has dwindled to intermittent bombardments since the repulse of German attacks and the launching of a counter-attack by the French which gave them German trenches 400 metres in extent southeast of LeMort Homme.

The activity of the artillery on the remainder of the frontier continues with violence.

In the Vosges mountains near Altkirch the Germans report the occupation of French positions 350 metres long and about 350 metres deep. The Italians according to Rome continue to hold back attacks by the Austrians at various points along the Tyrol front. Especially bitter fighting has taken place in the region of the Posina torrent and southeast of Asiello, where the Austrians either were stopped or driven back in disorder. Lively artillery duels are in progress in the Lagarina valley and between the Posina and the upper Asiello rivers.

Artillery engagements and infantry firing is in progress along the whole of the Russian front, but no changes in the positions of the Russians or the Teutons have been reported.

The Turks taking the offensive at three points in Asia Minor against the Russians have temporarily at least, brought the Russian advance toward Mesopotamia to a standstill. All the Turkish attacks were repulsed, except at Mamukhatun, 50 miles west of Erzerum, which was evacuated by the Russians. Here the fighting was over a front of about twenty miles. Attempts by the Turks who are said to be heavily reinforced by Austrians and Germans, to press back the Russians near Balburt and Diarbekr failed.

That the Serbs recently reported as having landed at Saloniki are now on the fighting front, is indicated by the latest German official communication. The communication says a weak attack was made by the entente allies at the southern end of Lake Dorian was repulsed, and that northeast of the Lake Serbians wearing British uniforms were taken prisoner.

HOUSE OREGON LAND GRANT BILL PASSES THE SENATE

WASHINGTON, June 1.—The house bill providing for reclamation by the government of 2,300,000 acres of Oregon land granted the Oregon and California railroad was passed today by the senate. The lands, valued at about \$30,000,000 are alleged to have been forfeited by violations of the terms of the grant which required their sale to settlers.

Amendments were adopted to provide that 80 per cent of the proceeds of re-sale should go to the state of Oregon, ten per cent to the reclamation fund for use in Oregon and 10 per cent to the federal government.

THIRTY NINE CARS ENTERED.

Chicago, June 1.—Thirty nine cars had been entered in the automobile derby to be run here June 10th, when the list closed tonight. Four more entries are expected by mail tomorrow. As but thirty two of the cars entered will be permitted to start according to A. A. A. rules, it is expected some fast time will be made in the elimination trials. Drivers must make at least 90 miles an hour to qualify. The 32 fastest cars will be permitted to make the start on the two mile track.

FUNERAL OF GEORGE MIDDENDORF HELD THURSDAY AT BLUFFS

Rev. P. A. Sorenson in Charge of Well Attended Service at Lutheran Church—Mrs. Middendorf was One Time Resident Here.

Bluffs, June 1.—Funeral services were held Thursday afternoon at 2 o'clock at Evangelical German Lutheran church for George Middendorf, Sr., who died at his home in the north part of the town Tuesday, the Rev. P. A. Sorenson having charge of the services.

The sermon was preached first in German, then in English, from the text taken from Revelation, 14th chapter and 13th verse. In his discourse he spoke of the life and deeds of the deceased and how even in times of adversity he had remained a loyal follower of the Christ and was ever loyal to the church. He was one of the founders of the church of this place and was always generous in any demand made upon him in its behalf. He was born in Hanover, Germany, Jan. 5, 1844, being at the time of his death 72 years 4 months and 25 days of age. At the age of 14, in 1858, he emigrated to America, landing at New York City, and remained there for three years. In 1861 he settled in Scott county near Bluffs. In 1870 he was united in marriage to Miss Eliza Linderman of Jacksonville. To this union eleven children were born, four of whom having preceded him in death. Besides his wife, he is survived by the following children: Henry H. of Neeleys, John R. of Jacksonville, Mrs. Mary Englabrecht, George J. and Miss Minnie of Scott county, Louis of Jacksonville and Miss Lottie at home. He was tenderly laid to rest in the Fairview cemetery, north of town. The bearers were Henry Knoepfel, Wm. Rush, Harmon Northrup, H. H. Brockhouse, Wm. Hufker and Fred Weiss.

The flowers were cared for by Misses Etta, Saloma, Marie and Mae Middendorf, nieces of the deceased. Mr. and Mrs. Roy Botterbusch, Mrs. P. A. Sorenson and L. C. Black had charge of the singing.

MR. STEVENS NOT WILLING TO SEEK REHEARING

Attorney in Jacksonville Rate Case Tells Traction Company Representative Finding Is Satisfactory.

L. E. Fischer, special representative of the Illinois Traction system, was in Springfield Thursday to ask A. D. Stevens to join with him in a request that the state utilities commission hear additional evidence in the Jacksonville rate case. Mr. Stevens, as had been anticipated by a number of people, was not willing to accede to Mr. Fischer's request.

Mr. Fischer went to Springfield following the action taken by a company of citizens Tuesday night when a resolution was adopted settling forth that citizens here did not object if the state commission decided to hear additional evidence. Mr. Stevens took the ground that the petitioners in the Jacksonville rate case were fully satisfied with the commission finding and that it would be not only unusual but discourteous to join with the traction company in

asking for further hearing on the case. Mr. Stevens pointed out that for the petitioners to take such a position might readily be expected to prejudice the commission. At the Tuesday meeting already referred to, when Dr. Rowe made a motion embodying the resolution which was passed, he affirmed that the petitioners and Jacksonville people generally would be very willing to sanction any action taken with reference to the matter by Mr. Stevens, who, although he has not been paid for his services, very ably represented the city in the rate case. In fact, those present at the conference were aware that it would be conducted very much out of the ordinary for the petitioners or complainants in any case to take any action without consultation with the attorney who had directed the prosecution of the case thru a period of nearly two years.

Mr. Fischer has not indicated whether or not he will make further efforts to get the matter before the board. The resolution as adopted provided that the consideration of further evidence would be satisfactory to Jacksonville people if attorneys for the petitioners were present.

CUT HAND WITH AUTO TAG.

EDUCATION BOARD HELD EXECUTIVE SESSION THURSDAY

Members Cast Lots for Length of Terms They Will Serve—Mrs. Pierson Named Secretary and Miss Roberts Stenographer—First Formal Meeting Monday.

The new board of education held an executive session at the David Prince building Thursday night. Executive means that it was a session behind closed doors and reporters or other visitors were not expected. The members explained that visitors will always be welcome at the regular board sessions and that the first of these sessions will be held next Monday night, June 5. About the most important matter settled last night was as to the terms of the members.

Terms of Office Fixed

It is provided in the law that members shall draw lots and by this plan the terms were fixed as follows:

One year—Mrs. Wallace (Brookman), Mrs. J. K. C. Pierson and Thomas Hopper.

Two years—Dr. W. P. Duncan, A. C. Metcalf, and George S. Rogerson.

Three years—T. H. Kapp, Henry Muehlhausen and Dr. C. E. Black.

President Lippincott was authorized to appoint a committee of five on finance and a committee of five on buildings and grounds. The membership of these committees will be made known later. A committee of five on faculty was selected but the names of this committee were not made known. It would be the duty of this committee to look over the list of applicants on file of the teachers who wish re-appointment. This committee, after investigation, will report back to the board and it is likely that these appointments will be made at the meeting next Monday night. Where vacancies occur teachers will not be named until after a superintendent has been selected and he will have a voice in the teachers then chosen.

Mrs. Pierson is Secretary

Mrs. Pierson was elected secretary of the board and Miss Lou Roberts was employed as stenographer. Her present duties will be to prepare lists of teachers now serving in the schools, together with rules governing salaries and other matters with which the new board must become familiar. Later on Miss Roberts will probably be stenographer for the superintendent of schools and will keep the records of the board, which have heretofore been in charge of the clerk. Miss Roberts served for a number of years as superintendent's stenographer and knows a great many details of board of education business.

President Lippincott, who is ex-officio member of all the committees, was authorized to appoint a custodian to have charge of all school property during the summer months. Authority was granted to Superintendent Vasconcellos to hold county institutes at the high school. Permission was also given to Homer Reynolds to use the gymnasium at the David Prince building for a time for the purpose of training the track team. A considerable part of the three hour session was devoted to the discussion of possibilities for the school superintendency. A number of applications have been received and it is the desire of the board to give this matter very careful consideration before action is taken. It is understood that the majority of the board favor the appointment of a superintendent of schools and a principal of the high school rather than having these positions consolidated. The standing committees will be of such size and number that all the members will be familiar with all board affairs, and it is believed that in this way the board can

work uniformly toward a common end.

SOCIAL EVENTS

Mrs. McCullough Hostess to Riggston Society

Mrs. Elmer McCullough was hostess to the Standard Bearers' society of Riggston M. E. church at her home in Riggston Thursday afternoon and evening. In the afternoon, mothers of the members were special guests, at which time there was carried out a program of music and readings. Thursday evening the Young Men's class of the Sunday school was entertained. This event was a "color social" and the same novel idea was carried out in the entertainment and the refreshments.

Following are the members of the Standard Bearers, a society which, though recently organized, has already come to fill an important place in the church life: Mabel Vortman, Frieda Vortman, Irene McCullough, Grace Leach, Louise Leach, Nellie Coultas, Ethel Rutherford, Bessie Bench, Minnie Coultas, Mamie Shipley, Maude Coultas, Alma McCullough and Mrs. Roy Coultas.

Officers Elected by Philathea Class

A pleasant park picnic was enjoyed last evening by the Philathea class of the First Baptist church. Accompanied by their teacher, Miss Carrie Spire, the young women left for the lake at 5:30 o'clock. After luncheon a business session was held, and the following officers elected: President—Miss Josephine Ruble. Secretary—Mrs. Charles R. White. Vice president—Miss Nellie Day. Treasurer—Miss Bernice Martis. Committee chairman—Social, Miss Ethel Gordon; Visiting, Mrs. Walter Huss, and flower committee, Miss Blanche Ator.

MATRIMONIAL

Axe-Reynolds

Otis Axe of this city and Miss Mattie Reynolds of Muncie, Ind., were married at the home of the bride's parents in Muncie Monday, May 22. The groom was formerly a resident of Portland, Ind., but was employed in Muncie before coming here where he met his bride. He is now in the employ of the Jacksonville Automobile company as Cadillac service man. Mr. and Mrs. Axe arrived in the city Wednesday evening from a brief wedding trip in the lake region. They will for the present have rooms at the residence of Mrs. Kate Toussaint on East Court street but expect soon to begin housekeeping.

CONTRACT AWARDED TO JOSEPH DEGOVEIA

Bids were opened Thursday afternoon for the building of the addition to the library at Illinois Woman's college. Seven local contractors bid on the work and there was considerable difference between the high and lowest bidder. The contract was awarded to Joseph DeGoveia, he being the lowest bidder.

MORTUARY

Mackay.

H. Mackay of Louisiana, Mo., died at the home of his son, Rev. M. E. Mackay, pastor of McCabe M. E. church in this city, Thursday night at 10:45 o'clock. The deceased had been ill for about two months at the home of his son. The deceased was seventy-seven years of age and was very well known in the city, which had been his home for a number of years. He is survived by five children, Rev. M. E. Mackay of Jacksonville, Edward Mackay of Peoria, Mrs. Malie Means and J. W. Mackay of Chicago, and Ernest Mackay of Des Moines, Iowa.

Interment will be at Louisiana, Mo., where the funeral will be held Sunday.

MR. DIAL TO BE CHAUTAUQUA PLATFORM MANAGER

The directors of Jacksonville Chautauqua held a meeting yesterday at which various matters relative to the coming chautauqua were discussed. A considerable time was spent in going over the program of attractions and some additions were made. It was understood after the meeting that the directors had chosen J. H. Dial as platform manager for this season. Mr. Dial has been for a number of years principal of the Murrayville schools and recently was appointed auditor for the Illinois Telephone company to succeed the late A. H. Withee. Mr. Dial has not yet moved his family to Jacksonville but will do so at an early date.

FATHER AND FIVE SONS TAKE KNIGHT TEMPLAR DEGREES

Notable Event in Masonry Takes Place at Petersburg Thursday Night—Company Attends from Hospitalier Commandery.

An event which will live long in the annals of Illinois Masonry took place Thursday evening at Petersburg when the Knight Templar degrees were conferred in a single session upon a father and his five sons: William T. Ainsworth of Mason City and Maynard, Ralph, Harry, Merle and Howard Ainsworth. Portions of the work were conferred by the commanderies from Jacksonville, Lincoln, Havana and Petersburg and a representative of the grand commandery was present to assist in the conferring of the degrees. The Petersburg commandery entertained visiting Sir Knights in most royal manner and each was warm in his praise of the hospitality extended.

There were present from this city, William Fairlee of Ascelon Commandery and the following from Hospitalier commandery No. 31:

Eminent Commander T. P. Carter and Sir Knights Frank J. Ketner, Harvey D. Atkins, C. C. Cochran, Alex. Rabjohns, Walter Shibe, Frederick Gibson, William P. Spillman, G. W. Hubbs of Prentice, Fred C. Walbaum and W. S. Reazick, Ashland; John H. Hackett, John R. Phillips and Walter Rabjohns.

WOMEN IN THE NEWS

Forth Worth, Tex.—Mrs. Mary Jane Skidmore of Fort Worth, said to be one of the three living real daughters of the American revolution, will celebrate her 87th birthday tomorrow. Fort Worth Chapter of the D. A. R. will hold a reception in her honor. Her father was Jonas Frazee, of Cincinnati, who served three years under George Washington and who heard the liberty bell ring in Philadelphia.

St. Louis.—Among the graduates from the St. Louis College of Pharmacy who received the Pharm. D. degree last week was a little Syrian girl who came to America only four years ago. Grace Steingard and her mother could speak no word of English when they landed in America from Beyreuth, Syria. The young girl enrolled in the public schools and worked in a drug store.

Philadelphia.—Society women of Philadelphia are taking up aviation. Mrs. Paul Denckla of Radmore made her initial flight recently. Mrs. George C. Thomas, Jr., has also enrolled. They are planning ambitious flights and will have special machines built for their use.

New York.—Miss Margaret Carnegie, only child of Andrew Carnegie, the philanthropist, was graduated from a private school last week. Although only 19 years old, Miss Carnegie has already taken an active interest in civic and philanthropic movements and has for two years held the position of president of the Armstrong League, which disseminates information regarding the Indians and negroes.

Jackson, Mich.—The German Workmen's union opened a three days' convention here today, bringing together delegates from every section of Michigan. The German name of the organization is the Allgemeiner Frauen Arbeiterbund.

Minneapolis.—Eighteen years ago in Minneapolis a girl of 13 began to give dancing lessons. Last week the woman who was the little girl and who is still giving dancing lessons bought the Plaza hotel, one of the largest family hotels in the city. Miss Ethel Malcolm is the woman who has danced her way into fortune. She will manage the hotel herself, between dancing classes.

Pittsburg.—The long horseback ride of Miss Helen Frick and her friends, a journey of 230 miles from West Virginia to Gettysburg, Pa., is being watched with interest by society friends here. Miss Frick is a splendid rider. With her are Miss May McCreery of New York, Mr. and Mrs. Thurston Wright of Pittsburg, and several other friends. The party started the middle of May, and will make the long ride by easy stages. The are expected at Gettysburg by the end of the week.

Melrose, Mass.—A dispute has arisen among clubwomen of this city over the suggestion that a new park be named "Farrar Park", for the renowned Geraldine who was born and raised in this city. Some think the park should be named for her, but there has arisen much opposition. Altho Madame Farrar, now Mrs. Lou Tellegen, made Melrose famous, there are many staid New Englanders in the city who object to the singer's published views on marriage.

Harrisburg, Pa.—Mrs. Clara M. Ware is the first woman in Pennsylvania to head a big public utility corporation. A merger of several Lancaster County electric companies has been consummated, and Mrs. Ware, who learned the electrical business in her husband's office, is the president of the new concern.

LIGHTNING DESTROYS BARN.—During the heavy storm early Thursday morning a barn on the premises of Gates Strawn on Mount avenue was struck by lightning and burned. Two calves were burned alive and the building went so quickly that it was found impossible to save two carriages and a buggy in the barn. It is thought the loss is covered by insurance.

SOCIAL AT BEREA.—Ice cream and strawberry social, Berea church, June 3.

LIBRARY TO CLOSE EARLIER.—Beginning with Thursday, June 1, the evening hour for closing at the public library is 8 instead of 9 o'clock. This will remain the closing hour until Oct. 1.

FOURTH OF JULY CELEBRATION WILL BE A GREAT EVENT

Plans Well Under Way for Proper Observance of Important Anniversary.

A meeting of the program committee for the Fourth of July celebration was held yesterday a. m. at the chamber of commerce rooms and plans for the appropriate celebration of the Nation's birthday were duly discussed. After a lengthy conference it was decided to attempt a program somewhat commensurate with the importance of the occasion. There seems this year to be an almost unanimous desire to have the affair at Nichols park so that stores may generally be closed.

No canvass of the merchants has been fully made but as far as ascertained there will be a general observance of the occasion and clerks will have the day to themselves. It was decided to attempt the following if the necessary means can be secured.

Early in the day an automobile parade. Each dealer will be asked to turn out with as many cars of the kind he sells as possible, the place in the line to be decided by lot and all citizens having cars being asked to fall in after the dealers and traverse a line of march to be agreed on among the automobile men and the committee.

Adjourn to the park and ask everybody to make it a picnic day, bringing along their dinners and suppers or getting lunch on the ground.

Have day fireworks, athletic contests and various entertaining features and a grand display of fireworks in the evening. It is also the desire to have the band during the day and evening.

The next question is that of finance and that is to be taken up at once and if the necessary means can be secured and the weather is pleasant it is the intention to have a celebration which will be worth seeing.

Lawn tennis and base ball will also be a feature of the day and a dance in the pavilion in the evening.

POINTS ON SCHOOL LAW
A board of education has not the power to build a schoolhouse, unless authorized by a majority of all the votes cast at an election called for such purpose, in consequence of a petition signed by not fewer than 500 legal voters of the district, or by one-fifth of all the legal voters of the district, as the case may require.

A board of education has not the power to locate a schoolhouse site, unless authorized by a majority of all the votes cast at an election called for such purpose, in consequence of a petition signed by not fewer than 500 legal voters of the district, or by one-fifth of all the legal voters of the district, as the case may require.

The foregoing petitions must be signed by one-fifth of all the legal voters of the district. When one-fifth of the legal voters amount to more than 500 voters, then the signatures of 500 legal voters will be sufficient. A petition is not necessary in order to authorize an election to be held for the purpose of voting "for" or "against" the proposition to issue bonds. The power to issue bonds is predicted upon the power to build. The four propositions, if necessary may be submitted at the same election.

If no locality shall receive a majority of all the votes cast at such election, the board of education may, in its judgment, the public interest requires it, proceed to select a suitable schoolhouse site; and the site so chosen by it in such case, shall be legal and valid, the same as if it had been determined by a majority of all the votes cast; and the site so selected shall be the schoolhouse site for the district; and the district shall have the right to make the same for the purpose of a schoolhouse site either with or without the owner's consent, by condemnation or otherwise.

RECEPTION FOR REV. R. F. THRAPP PLANNED FOR FRIDAY
The Rev. R. F. Thropp of Los Angeles is to arrive in Jacksonville Friday morning over the Wash. The former Jacksonville minister has been in Chicago for several days visiting his parents. He will be here until Saturday afternoon at 2 o'clock when he will leave for Kansas City.

The Y. P. S. C. E. of Central Christian church, together with the older members of the church, have planned an informal reception for Mr. Thropp, which will be given in the parlors of the church Friday evening at 7:30 o'clock. Friends of Mr. Thropp are invited to be present.

QUESTIONS ON THE SUNDAY SCHOOL LESSON.

By Rev. T. S. Linscott, D. D.

16. Verses 9-10. How many methods can you recall which God adopts in leading us?

17. Why have we a right to comfort our hearts with the belief that God will in every emergency guide us as to what we ought to do?

18. Verses 11-12. What reason is there to think that God directs the main course of the Christian with absolute accuracy in spite of wind and sea?

19. Verse 13. What is one of the first things an earnest Christian looks for, when he moves into a new community?

20. What reason is there to think that busy women are generally more spiritual than those who have but little to do?

21. Why is it easier for God to open the heart of an industrious person than that of an idler?

22. Verse 15. If a person is inhospitable or stingy is that a sure sign or not of ungodliness and why?

SOX WIN LAST GAME OF SERIES FROM TIGERS

CHICAGOANS SCORE FOUR RUNS IN THIRD

Joe Jackson Gets a Triple, Two Singles and a Base on Balls in Four Times Up, Making Nine Safeties in as Many Consecutive Times at Bat.

Detroit, Mich., June 1.—Chicago won the last game of the series from Detroit today, 6 to 3. The third inning decided the contest, the White Sox scoring four runs on two hits, and two Tiger errors in that session. Joe Jackson got a triple, two singles and a base on balls in four times up, making a total of nine safeties registered by him in as many consecutive times at bat.

MOTORIST DODGES FINE FOR SIX MONTHS

St. Louis, Mo., June 1.—When the case of C. K. Dickson Walsh, son of a St. Louis banker, is called in court by Judge Clark on Saturday, either Walsh or his attorney must appear and pay a fine of \$50 for automobile speeding, which fine was assessed last November.

The record of the case is an interesting one. When Walsh was fined in November, he appealed to the Court of Criminal Correction. After several postponements, on the ground that Walsh was under medical care in the east, Walsh still failed to appear. The father of Walsh refused to pay the fine, it was said. When Judge Clark granted the tenth postponement, recently, he declared that the case would have to be settled on June 3.

A new law is in force today, providing that a jury in a murder case rendering a verdict of murder in the first degree, may designate "without capital punishment" in which cases imprisonment for life is the sentence to be imposed.

Washington — Surgeon General William C. Gorgas of the United States Army leaves today on a tour of South America to study methods of eradicating yellow fever. He is accompanied by a party of government surgeons and Dr. John Guiterrez, chief health officer of Cuba. They will visit Ecuador, Brazil, Colombia and Venezuela. The party will spend four months in the South American ports and will not only gain useful information, but will aid the authorities in the infected areas to wipe out the plague.

Louisville, Ky.—The Dixie Highway "Marking Day" has brought out local organizations from here to Nashville, and before the close of day, the entire highway between Louisville and Nashville will be suitably marked. Auto parades and a general holiday along the route celebrated the marking of the highway.

Leavenworth, Kas.—Ura U. Manning of Elkhart, Ind., who was sentenced to Leavenworth Prison for 18 months for desertion from the army, was freed today, after serving five and one half months. Manning was serving his third enlistment and had an honorable career, when he disappeared. The fact that he was working and supporting his family when found led the prison officials to recommend leniency.

New York—A big open-air flower show opened today on the grounds of the International Garden club. The public school children of New York have a large exhibit, and other schools and colleges in distant cities and in Canada have sent displays.

Mr. and Mrs. Joseph Reisenman who have been spending a few days in the city, left Thursday afternoon for their home in Franklin, Pa.

The Scrap Book

One on Bernard Shaw.

It is not often that George Bernard Shaw is worsted in an argument, but on one occasion at least he met his match. He was at a dinner party when a young lady guest professed to be able to read character from writing. "G. B. S." scouted the idea. Now, it so happened that their host had just got a typewriter, and Mr. Shaw remarked that here at least was one kind of writing that would reveal nothing of a person's character. The young lady stood by her guns and declared that she could even read character from type as well as from handwriting, whereupon the famous dramatist challenged her to try.

Picking out his letters one by one on the machine, he wrote his name; but, as he was not used to handling a typewriter, when he had finished it read like this, "BERNARD shaw."

"Your character is as plain as day," said the young lady triumphantly. "It is your idea that, although there are good many Shaws in the world, they are an undistinguished lot. But you think that you alone are Bernard and your name is great."

After that "G. B. S." admitted himself beaten.

Independence.
To catch Dame Fortune's golden smile, Assiduous wait upon her, And gather gear by every wile. That's justified by honor. Not for to hide it in a hedge, Nor for a train attendant, But for the glorious privilege Of being independent.

—Robert Burns.

Responsibility.
Mrs. Edgerton always impressed upon her little daughter Bessie that when she was naughty it was Satan who made her so.

One day Bessie was particularly naughty, and finally there was considerable disturbance in the nursery, with much stamping of tiny feet and derangement of the furniture. Mrs. Edgerton hastened to learn the cause of the noise.

"Why, Bessie," cried the mother. "What does this mean?"

"Oh," replied Bessie, "I s'pose it's your old friend Satan again!"—Harper's Magazine.

Sydney Smith's Wit.

Sydney Smith was the ministerial wit par excellence, but unhappily his jests were so admirable that they are now twice told tales indeed. However, most of them will bear repetition.

Before the first bishop of New Zealand left England Sydney Smith strove to remind him of the dangers of his mission. "You will find in preaching to cannibals," he said, "that their attention will not be directed to the spirit, but always be concentrated on the flesh, for I am told that they never breakfast without a cold missionary on the sideboard. We shall never meet again, but let us hope that you may thoroughly disagree with the savage who eats you."

"You are afraid of me," said Smith to a young woman who sat beside him at dinner. "You crumble your bread, and that is an undeniable proof of shyness. I do it when I sit by the bishop of London and with both hands when I sit by the archbishop."

"Why are you doing that?" said he to a child who was stroking the shell of a turtle. "Oh, to please the turtle," was the answer. "Why, child, you might as well stroke the dome of St. Paul's to please the dean and chapter."

A Leap Year Warning.

Here is sound leap year advice from the files of a pioneer western newspaper published half a century or more ago:

"When you are sitting in the parlor alone with a young lady and she works her chair close to yours, looks dreamy and sentimental and sighs as she raises her eyes to yours, don't get confused and blush and move away. Just sit right still and chew the corner of your handkerchief and wait. You're in no danger."

"But if she leans you to a sofa, sits down by you, takes your hand in hers, or, rather, between hers, looks up into your face with a firm yet resolute expression and gently whispers it is leap year and business is business, you had better prepare to get out of the way unless you think so too."

That Was Enough.

The colored porter in a Richmond store became very much excited over the stories of big wages being paid at a powder plant. One noon he notified his employer that we going to quit portering and look for a job in the powder works. Next morning when the employer came to the store and found Sam sweeping and dusting as usual he inquired:

"Sam, I thought you were going to get a powder house job and make big wages."

"Now, sah, Ah done change mah mind. Ah gots' say right yere an' wuk which Ah likes."

"What was the matter—didn't they offer you a job?"

"Yassuh, dey done offer me a job an' g' dolahs a day de first time Ah inquired."

"Well, why didn't you stay?"

"Boss, 'twas a white gentlem dar, an' he took a paper an' pou, an' he look over he specs, an' he say to me, 'What am yo' name?' Ah done tol' him mah name, an' he say, 'Which does yo' wunt yo' body sent in case ob accident?' Ah say, 'Ef his jes' de same to yo', sah, Ah'll tote hit back home mahself.' An' he'ah Ah is."

Warm Weather Battery Hints

With the pleasant days of summer, comes a tendency for every motor car owner to overlook the necessary care of certain parts of his car which can't be seen.

One of these parts is the storage battery, and because of the important part it plays in starting, lighting and ignition, too much emphasis cannot be laid upon its care.

On this account, the Willard Storage Battery Company are structing all of their 750 service stations to advise car owners throughout the country on the essential points of warm weather attention to batteries, probably the most important of these is water. During the summer, a storage battery should receive pure distilled water at intervals of a week or ten days. This is necessary because of the evaporation of the solution which gives the battery its life. If this solution is allowed to leave a portion of the battery plates exposed to the air, these plates will deteriorate and the life of the battery will be greatly shortened.

Another point to consider is the hydrometer test to determine specific gravity of the solution. This test should always average 1.250 and in cases where the car owner does not want to make the test himself, he can have it made free of charge at any Willard Service Station. If the battery is allowed to go below the gravity mentioned, it will gradually run down and refuse to turn over a starting motor or operate the electric lights.

By watching these two most important things, any car owner may expect the very best service from his storage batteries.

We have as complete a workshop and a force of as good mechanics as will be found in this section of the state. No job too large or too small but what it can be handled and done in the right way.

A New Model Typewriter

OLIVER

Buy It Now!

It is just out—and comes years before experts expected it. For makers have striven a life-time to attain this ideal machine. And Oliver has won again, as we scored when we gave the world its first visible writing.

There is truly no other typewriter on earth like this new Oliver "9". Think of touch so light that the tread of a kitten will run the keys!

CAUTION
The new-day advances that come along on this machine are all controlled by Oliver. Even our own previous models—famous in their day—never had the Optional Duplex Shift.

It puts the whole control of 84 letters and characters in the little fingers of the right and left hands. And it lets you write them all with only 28 keys, the least to operate of any standard typewriter made.

Thus writers of all other machines can immediately run the Oliver Number "9" with more speed and greater ease.

WARNING
This brilliant new Oliver comes at the old time price. It costs no more than lesser makes—now out-of-date when compared with this discovery.

For while the Oliver's splendid new features are costly—we have equalized the added expense to us by simplifying construction.

Resolve right now to see this great achievement before you spend a dollar for any typewriter. If you are using some other make you will want to see how much more this one does.

If you are using an Oliver, it naturally follows that you want the finest model.

Remember this brand-new Oliver "9" is the greatest value ever given a typewriter. It has all our previous special inventions—visible writing, automatic spacer, 6 1-2-ounce touch—plus the Optional Duplex Shift, Selective Color Attachment and all these other new-day features.

Yet we have decided to sell it to everyone everywhere on our famous payment plan—17 cents a day! Now every user can easily afford to have the world's crack visible writer, with the famous PRINTEYE, that writes like print, included FREE if desired.

Today Write for full Details and be among the first to know machines. See why typists, employers, and individuals everywhere are flocking to the Oliver. Just mail a postal at once. No obligation. It's a pleasure for us to tell you about it.

Public Opinion

The first taste of New Post Toasties reveals the fact that something different—something better has arrived for the breakfast table.

The secret is in the flavor—a well developed flavor of pearly white Indian corn—not the flavor of cream and sugar, upon which other flakes have to depend.

And notice, too; the appearance of New Post Toasties, particularly the tiny bubbles on the surface of each flake. These bubbles are a distinguishing feature—produced by the quick, intense heat of a new patented process of manufacture.

New Post Toasties do not "chaff" or crumble in the package, and they don't mush down in cream like other flakes. They're more substantial and are altogether more satisfactory than any flakes that have preceded them.

The proof is in the eating—have your grocer send you a package.

Long before SENRECO was offered to you we submitted it to hundreds of dentists, requesting that they put it to every test. Told them that we believed Senreco to be an unusually good dentifrice, especially as to its cleansing qualities and its remedial action on sore, soft, bleeding gums; in the treatment of Pyorrhea, etc. Submitted the formula and asked them their opinion. They tested Senreco from every angle; some going even so far as to make a chemical analysis—

And They Voted Yes

With practically one accord—said:

"Senreco appeals to me more than any dentifrice I have ever seen." "I cannot say too much for Senreco. It is one of the best I have used." "I can recommend Senreco as the best." "Makes the teeth gleam and is free from injurious ingredients, including pumice and grit." "I am indeed glad to get a tooth paste that does the work." "Congratulate you on formulating a dentifrice that gives one a new idea of mouth cleanliness, etc." (These quotations are from the dentists' reports. Originals on file at our office.)

STOCK MARKET IS DISPOSED TO MOVE TO HIGHER LEVELS

Rails Supply the Chief Incentive. Norfolk and Western Showing the Way by Its Gain of Five Points.

New York, June 1.—Disregarding the more ominous aspects of the Mexican situation and the cumulative uncertainties of domestic political conditions today's market was disposed to move to higher levels. Rails supplied the chief incentive, Norfolk and Western showing the way by its gain of five points to the new high quotation of 130. Simultaneously, Norfolk and Western convertible 4½ gained 2½ points.

Other coal shares strengthened in sympathy, notably Reading and Lehigh Valley. Grangers and eastern lines were again favorably influenced by peace rumors, which persisted despite denials and protestations from high sources. Anglo-French 5s closed at the point of 95% and Japanese 4½s, bearing the German stamp and implying former ownership in the latter country, were up a point.

Shipping shares, rubber issues, motors and sugars featured the specialties. Mercantile marine preferred made an extreme gain of 2½ on reports of an approaching agreement among the opposing interests, together with a brilliant statement of cash resources and United Fruit came into renewed prominence with an advance of 2½ points. Among obscure industrials the common and first and second preferred shares of the Gulf States Steel company, attracted attention by their further gains of 3½ to 5 points, and Lee Rubber made a high record at 56.

Mexicans were under the cloud created by the Washington government toward the latest note of the Mexican authorities, and some of the less prominent munitions and kindred issues were moderately heavy. Highest prices were shade just before the close on renewed selling of Reading.

Total sales of stocks amounted to \$60,000 shares.

FIRST OFFERINGS OF 1916 CROP LOWER WHEAT PRICE

Result is a Heavy Close 1½ to 1½ Cents Down—Corn Declines With Wheat.

Chicago, June 1.—First offerings of the 1916 crop came on the wheat market today, and quickly brought about a material downturn in prices. The result was a heavy close 1½ @ 1½ to 1½ down, with July at \$1.05 @ 1½ and Sept. at 1.17 @ 1½.

Corn lost ½ @ ½ to ½, oats finished ¼ off to ¼ up and provisions at a decline of 10 to 40c.

Need of rain in Western Kansas was chiefly responsible for the early advance in the wheat market here. One prominent expert said that if rain was delayed another week the crop would be in bad condition.

Deterioration was noted also in the crop outlook of the Pan-Handle district of Texas. Corn declined with wheat. Besides, cash demand here was slow, notwithstanding that considerable improvement in the amount of trade was reported in the south and southwest. Oats displayed a good deal of resistance to selling pressure. Houses with New York connections was credited with much buying of July delivery and with selling of September.

In provisions the big stocks at Liverpool acted as a weight on the market. Under the circumstances an advance here in the price of hogs failed to make any impression.

HELP FOR
WORKING WOMEN

Some Have to Keep on Until
They Almost Drop. How
Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health:—

Frankfort, Ky.:—"I suffered so much with female weakness that I could not do my own work, had to hire it done. I heard so much about Lydia E. Pinkham's Vegetable Compound that I tried it. I took three bottles and I found it to be all you claim. Now I feel as well as ever I did and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."—Mrs. JAMES CONLEY, 516 St. Clair St., Frankfort, Ky.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice.—It will be confidential.

Mr. Went-And-Cut-It
—Here's Mr. 'Gets-It'

The New Plan Corn Cure That's as
Sure as the Rising Sun.

"Glad to meet you!" says the razor to the corn. "I'll bleed for you!" says the corn to the razor. Razors and corns love each other. Corns love to

be cut, picked, gouged, saved, plastered and jerked out—they grow faster. Mr. and Mrs. Went-And-Cut-It realize it now—they use "Gets-It" instead—it's the wonderful, simple corn-cure that never fails. Stops pain. You apply it in 2 seconds, it dries at once, the corn is doomed. Nothing to stick to the stocking or press on the corn. It means good-night to plasters, salves, diggers, razors and toe-banding. You can wear smaller shoes. Your corns will come right off, "clean as a whistle." Never inflames healthy flesh. "Gets-It" is sold by druggists everywhere. 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill. It is the world's best corn remedy—by Armstrong's Drug Store—J. A. Obermeyer.

WAS ON BURLINGTON

MEMORIAL TRAIN

Edward J. Merriman of this city was on the south bound Burlington passenger Wednesday, when it stopped for five minutes in respect to the memory of James J. Hill, the great railroad builder. Mr. Merriman is a traveling salesman, with headquarters in this city. The train was stopped near Concord and remained standing for five minutes. Every train on the Burlington, Great Northern and Northern Pacific, in which Mr. Hill was the controlling factor, stopped at the same hour, remaining still for a period of five minutes.

Love and a Cathedral Altar.

The high altar of the Froilburg cathedral, with its matchless carvings, tells a story not only of love, but of love's triumph through the sharp wit of the lover. The simple woodcarver, Hans Lefrink, who had been the early protégé of Maximilian I., 260 years before Alsace was captured by the French, had dared to love the daughter of a rich man, and she was foolish enough to love him in return. The indignant parent, when the youth had received the commission to carve the high altar, and on the strength of this honor asked for the hand of his love, received the haughty response, "When you carve an altar as much higher than the church in which it stands, as my daughter is higher than you, you may lead her to that altar in marriage." It was an impossible condition, but nothing is impossible to love. When the altar had been installed it was observed that the topmost point of it was bent forward, extending in a curve, and was actually about fifteen inches higher than the church. It merely stooped a little in order to conquer.—St. Louis Globe-Democrat.

When Gasoline Runs Low.

In Farm and Fireside is an ingenious suggestion for motorists whose gasoline has run so low that they have trouble in hill climbing.

One sometimes is caught out with a low supply of gasoline through having to make long detours to avoid bad roads or from other causes. The supply can be made to stretch over this emergency by adding denatured alcohol or kerosene. Occasionally there is sufficient gasoline for the ordinary level road, but not enough for an unexpected hill.

In this case the principle of pressure feed can be applied. Screw the cap down tight on the gasoline tank and then sharpen a match to fit the ventilating hole in the cap. Blow into this hole as hard as possible and immediately plug with a sharpened match. Usually this will enable the driver to make the hill without further trouble. But if not he can turn the car around and back uphill.

Doctors' Bills.

Your doctor's bill, as a general rule, reads, "For professional services rendered." That means that you are to pay for work done and not for miracles performed. If you hire a doctor to attend you in sickness you enter a contract to pay for his expert services, whether he succeeds in curing you or not. It would be unfortunate for both parties in the contract if the terms were otherwise.

Two things are not yet clearly understood by some people—first, a doctor's fee is collectable, and second, a doctor is not legally bound to attend any one under any circumstances unless he wants to. You can't make a doctor work for a contingent fee, and you can't make him work at all if he chooses to refuse his services.—Chicago News.

One of Nature's Show Places.

Ogden canyon, a deep cleft through the towering Wasatch mountains, overlooking the Great Salt Lake, is one of nature's show places, cut in the solid rock by the river which runs through it, the rushing water, from prehistoric times, carrying quantities of sand and gravel which simply filed out the present wonderful canyon. Ogden river was flowing west along its present course before the lofty Wasatch mountains came into existence. The raising of the mountains went on slowly for ages, so slowly that the river kept its place by cutting down its ever rising bed. In no other way can scientists rationally account for a river rising on one side of the range and flowing directly across it.—Argonaut.

Magnetic Storms.

Contrary to the general belief, magnetic disturbances do not begin at the same moment all over the globe. Instead of that they progress around the earth. In the case of abrupt disturbances, which are usually comparative ly minute in their effect on the compass needle, the complete passage around the earth requires from three to four minutes. For the bigger of facts or for the greater magnetic storms the rate of progression is slower, so that it would take them half an hour or more to pass around the earth completely.

Festival of Minerva.

The most notable festival at Athens was in honor of Minerva. All classes of citizens on this day marched in procession. The oldest went first, then the young men, the children, the young women, the matrons and the people—the lower orders. The most prominent object in the parade was a ship propelled by hidden machinery and bearing at its masthead the sacred banner of the goddess.

Curious Lake.

In the center of Kildine, an island in the German ocean, is a curious lake. The surface of its waters is quite fresh and supports fresh water creatures, but deep down it is as salt as the greatest depths of the sea, and salt water fish live in it.

ASSOCIATED PRESS
CORRESPONDENCE.

Peking, May.—Alfred Zee, the Chinese minister in London, has wired to the foreign office urging that the north and south reconcile their differences as soon as possible, in order to prevent foreign intervention. He advised the foreign office that the Japanese ambassador in London is constantly seeking to get the British government to grant Japan a free hand in China and that England has not given a formal answer, but will probably be influenced by the conduct of the various factions in China.

Liu Ching-jen, the Chinese minister to Russia, has wired to the foreign office regarding the conclusion of the reported Russo-Japanese treaty, the most important section of which is declared to relate to Chinese affairs. The minister says this treaty probably will be signed in Petrograd in a short time. Although the terms of the treaty were not available in Petrograd when the minister wired, the publication of the alleged text in Tokyo has caused much uneasiness in China.

The Japanese legation in Peking has emphatically denied the Tokio report to the effect that Russia has agreed to give Japan a clear hand in maintaining peace in China, thus recognizing Japan's special privilege in China. However, the Chinese press very generally credits the reports printed in the Japanese newspapers, and momentarily expects an announcement of the conclusion of the Russo-Japanese treaty.

Chinese newspapers express the opinion that Russia has been able to force other members of the entente into an agreement to recognize Japan's special position as director of far Eastern affairs. The Peking Daily News says:

"There are indications that Great Britain has, it may be believed with reluctance and humiliation, consented to abstain from active interference while the fetters are being fastened upon China."

"Do the people of China stand in need of any further evidence in regard to the deadly peril in which the country stands? While they waste their energies upon questions of, comparatively, as little importance as that which plunged the mighty powers of Lilliput and Blefuscu in war—the question it will be remembered was whether an egg should be broken at the smaller or larger end—the plan is being perfected to reduce their country to a state of vassalage. If there is any patriotism left in the hearts of those who are responsible for distracting the attention of the government to domestic brawls when national safety demands union and accord, they will repent and prove that their folly was of the head and not the heart."

Berlin, May.—In the name of the Berlin Artists' Association, its president, Prof. Rudolf Schulte, has protested vigorously to the proper authorities against the recent ruling that the "war profits tax" shall apply to all receipts of more than one thousand marks accruing from paintings.

The whole tendency of such a ruling, Professor Schulte contends, will be to depress automatically the prices of works of art to a point below one thousand marks, and thus work injustice and injury to aspiring and ambitious artists or to recently and who are dependent upon the returns from inherited paintings.

A tax of this sort, Prof. Schulte declares, is nothing more or less than a direct penalty for earnest, energetic, artistic work, and at the same time a distinct encouragement to the producers of copies of famous works of art. Individual effort and initiative, he feels, will suffer inevitably at the expense of imitative work.

Danzig, May.—Danzig has decreed that the owners of pianos shall pay an annual assessment of twelve marks on each ordinary upright piano, and one of twenty marks on each grand. Only such instruments as are used commercially are exempted.

Peking, May.—August 15th is the probable date for the convening of the formal Chinese parliament, which the Tuan Chi-jui cabinet is now arranging for. At a recent meeting participated in by Li Yuan-hung, the vice-president, Tuan Chi-jui, the premier, and Hsi Shih-chang, former secretary of state, the details for the election of parliament were discussed at length, and it was virtually decided that sixty days at least would be required to revise the laws on the organization and election of the parliament and to examine into the qualifications of prospective members of the parliament.

FAST TRAIN ON ALTON WRECKED NEAR ASHLAND

Spreading Rails Caused Accident—
No Serious Injuries Resulted, But
Property Loss Is Large.

The "Nightingale," fast mail train on the Chicago & Alton, due in this city at 3:40 a. m., was derailed at 3:10 Thursday morning near Ashland. Six cars of the train were derailed and went over on the side, but fortunately none of the six passengers on board were seriously hurt. The engine did not leave the track. W. H. Goodman of Chicago suffered a sprained knee and W. R. Harrell of Roodhouse and W. D. Knight of Bloomington, mail clerks, suffered some bruises and cuts.

The train included the express cars, a baggage car, a coach and a sleeper. Spreading rails is given as the cause of the accident and as the train was going at a forty mile speed it is really marvelous that there was no loss of life. The track was torn up for fully a quarter of a mile before the engine could be stopped. Two wreckers were brought, one from Bloomington and the other from Roodhouse, but the trains were not running regularly until last night. Two coach loads of pupils from the State School for the Deaf were to have been taken north on the 6 o'clock train but instead were routed south and taken to Chicago by way of Springfield. Passengers on other trains were transferred at the scene of the wreck. The passengers on the wrecked train were: Mr. and Mrs. W. H. Goodman, Chicago; John Comand, Chicago; Edward Nolden, Chicago; Miss Alice Gard, Bloomington.

OPPORTUNITIES OF THE NURSE SUBJECT OF STRONG ADDRESS

Miss Ada McCleary of Evanston Tells Graduating Class of Broadening Outlook—Alumnae Give Reception at Colonial Inn.

"The Nurse of Today, Her Opportunity" was the theme of an interesting address by Miss Ada McCleary of Evanston Thursday evening at the reception given by Alumnae of the Passavant hospital training school for the 1916 graduates. The event was given at the Colonial Inn and, combining as it did social enjoyment and practical instruction from a nurse who stands well toward the top of her profession, made the evening an occasion of especial profit and pleasure.

Guests were received by officers of the training school and the alumnae association and by the six members of the class. After the address refreshments were served and music enjoyed.

Miss McCleary spoke of private nursing and public health work. Continuing, she said in part:

Another important field is filled by the baby nurse. In her attempt to reduce infant mortality she does not only pre-natal work but gives the individual mother, instruction regarding the normal food for her child and in other ways helps her give the child a change to live.

The Industrial Nurse

While industrial plants have learned that nurses are investments that pay large dividends this branch of nursing is still in its infancy. The duties of the industrial nurse may perhaps be better understood if we quote from the report of the industrial committee which was submitted at the recent convention at New Orleans.

"An Industrial Nurse's duties may be termed, generally speaking, the care of any employee or member of the family during a time of accident or illness. This definition covers only the primary reason for her position—the successful industrial nurse soon becomes associated with everything that concerns the health and advancement of an employee.

We find the nurse establishing rest rooms, giving health talks, and indeed several nurses located with smaller firms have reported being consulted on the safety work and general sanitation of the plant.

One nurse who has been in a factory of 1800 employees for three years reports that she gives both medical and social advice to the employees, refers cases to physicians, does treatments and dresses minor accidents; interviews new employees inspects shops, dining-rooms, kitchens and lavatories; keeps a duplicate card system of every case, makes both monthly and annual reports to the firm; maintains a visiting nurse service thru affiliation with the local visiting nurse association; supervises the lunch rooms; has established a branch of the public library; distributes health bulletins; gives lectures in small groups in "first aid," "home nursing" and "personal hygiene"; supervises the recreational activities during the summer and has organized classes in English for those who are considering taking out citizenship papers.

"Slums" in Rural Districts

"For a long time all thought was devoted to the city slums and to the poor, neglected city child. Suddenly the realization came that there are country slums as well and many poor, anemic, neglected country children. To meet this need the town and country nursing service has been organized with headquarters at Washington, D. C. The nurse finds the country school a good starting point, for thru the children are the homes entered. A nurse from the state of Washington reports: "In the rural schools of mixed grades about 46 in number it is often found that there is not one child but has something the matter with it—bad teeth, enlarged tonsils, adenoids or defective vision. Home conditions are not as desirable as living in the country might lead one to expect. One family consisting of mother, father and five children, eldest 16, youngest three, were found living, eating and sleeping in one large room which was a disused church with no partitions of any kind. No tentement in the city could be more unsanitary or filthy. The slops were thrown out the door the entrance to the house was slippery and soggy with the constant dish water thrown out. There was no privacy of any kind for the growing boys and girls. And yet, the man owns a large ranch worth about \$12,000 which he lets at a good rental.

About ten years ago Dr. Richard Cabot, of Boston, made the discovery that many patients were treated in our hospitals and discharged as cured, only to return again in a few weeks to go thru the same process again, or that they did not respond to the treatment in the hospital because of some condition over which the doctor had no control. Believing that more satisfactory work would be done if more were known about the social background of the patient he inaugurated what has become known in the hospital world as the social service department. The worker must have an intelligent appreciation of the patient's physical condition—for that reason a nurse is an advantage. She must also have an intelligent appreciation of the patient's physique or social background and for that reason social training is necessary. It is the combination of medical-social work that brings results. The results have been so satisfactory that each year more hospitals are adding to their administrative staff nurses as social workers.

In Government Service

The openings in other lines are innumerable. The Army and Navy want more nurses. Many are finding their life work in the foreign

field, teaching the Chinese and Hindus hygiene and sanitation. Doing the opposite of the early missionaries for they are reaching the soul thru the body. The missionaries themselves claim that if one has ingenuity, ambition and energy there is no end to the opportunities.

We can not close without the reminder that the nurse also has her place as a citizen. She now has in our state a voice in the election of many of the important officers. She should use her vote wisely that she may further the interests for which she has labored.

The nurse of today—how can she do all of this important work? She must, first of all, take an inventory of herself. What are her personal gifts, does she possess charm and tact? What has her education been, has she a knowledge of elementary science, elementary sociology, of languages? What has her training been, has it fitted her for a profession or only for a manual trade? Does she understand what is meant by constructive work?

Then, after her inventory is tabulated, is she willing to make further investments—is she willing to supplement her education, is she ready to fight her disagreeable disposition, is she ready for social training; does she believe she can afford to take the time for Post Graduate work, will she labor for higher standards for nurses?

She will find that if she is willing to pay the price, she is standing before an open door—and when she enters in—she is in possession of a new country.

The Anniversary Pageant, or May Day Pageant, will be given Saturday, June 3, on Illinois Woman's College Campus, 4:30 p. m. General admission will be 20 cents for each person. In case of rain, the Pageant will take place Monday at 4:30 o'clock. Owing to danger of accident, no vehicles will be permitted on campus drives during or immediately preceding the Pageant.

ARGUMENTS CONCLUDED IN BROWNING LAND CASE

Great Mass of Evidence Taken Before Special Master in Chancery—
Clark—Decision at Later Date.

The taking of evidence and the argument has been completed in the partition suit brought by Mrs. T. B. Orear against the Farmers State Bank & Trust company et al, based on her claim that she owned a half interest in the real estate held in the name of the late D. R. Browning. The record of testimony in the case is said to occupy several thousand typewritten pages. In this proceeding Mrs. Orear was represented by Bellatti, Bellatti & Moriarty, and the defendants by Kirby, Wilson & Brockhouse and Worthington, Reeve & Green.

Seven of these attorneys made addresses before Special Master in Chancery Clark and argument occupied a day and a half. Mr. Clark has not made known when his report will be filed with the circuit court. Those familiar with the proceedings are confident that an appeal will be taken, no matter in whose favor the master's report is given. An appeal can be taken to the circuit court and then to the higher courts if such is the desire of the litigants.

KNIGHTS OF PYTHIAS ELECTION

Favorite Lodge No. 376 Knights of Pythias held an election of officers at the regular meeting Thursday evening. The rank of Esquire was conferred on Charles Winterbottom and Louis Ahlquist. R. H. Vogel of Decatur, representative of the lodge insurance department attended the meeting. The officers elected are:

C. C.—Fred Johnson.
V. C.—A. R. Myrick.
Prelate—Walter Hall.
M. of W.—J. W. Chitcase.
M. of A.—Leo E. Sulter.
I. G.—Clarence Wilkinson.
O. G.—Floyd Sulter.
Representative to Grand Lodge for two years—J. F. Claus.

REPRESENTATIVE WILL SEEK RE-ELECTION

Hon. E. L. Merritt has announced that he will seek re-nomination and election as member of the general assembly from this district. Mr. Merritt has served in four general assemblies, the thirty-seventh, the thirty-eighth, thirty-ninth and forty-ninth, and as a consequence has valuable experience. Mr. Merritt is a Democrat of the staunchest kind but he has nevertheless made it his business to serve all residents of Morgan and Sangamon counties to the best of his ability. His course in the legislature has been marked by attention to the interests of his constituents and he also has a good record in his endeavor to hold the expenses of the state within proper bounds.

RETURN HOME.

Mr. and Mrs. Charles F. Doyne, who were recently married in Chicago, have returned to Jacksonville and are now at their new furnished home at 125 Diamond Court. They were married in Chicago Monday evening at the Church of Disciples by Rev. Edward Scribner Ames.

PRETTY HOME WEDDING CELEBRATED AT MURRAYVILLE

Miss Lois Cunningham Becomes Bride of C. E. Blakeman—Ceremony Said by Rev. C. S. McCollom—Meredosia Young People Married Here.

A pretty home wedding, charming in its simplicity, was that which united C. E. Blakeman of Springfield and Miss Lois Cunningham of Murrayville. The ceremony was said by the Rev. C. S. McCollom, pastor of Murrayville Methodist church, at the home of the bride's parents, Mr. and Mrs. J. K. Cunningham, Thursday evening, at 6 o'clock. Only immediate relatives of the contracting parties were present.

The Cunningham home was tastefully decorated for the occasion. The color scheme in the living room and parlor was green and white, while the decorations of the dining room were pink and white. Miss Cecil Cunningham, sister of the bride, played the wedding march. Following the ceremony, an elaborate wedding dinner was served.

Both of the young people are well known in Murrayville community. The bride is the daughter of Mr. and Mrs. J. K. Cunningham and was reared and has spent her entire life at that place. She is a graduate of the Murrayville high school. She has always taken an active part in church work and the club life of the community and by her charm of manner and many womanly graces has won many friends who will unite in wishing her many years of wedded happiness.

The groom was reared in Murrayville, but has recently made his home in Springfield. He is a young man who commands the respect of all who know him. At the present time he is in the employ of the postoffice department as railway mail clerk and has a run on the Chicago and Alton.

Mr. and Mrs. Blakeman left on the northbound Alton passenger Thursday evening and went to Springfield by way of this city. They will make their home in Springfield for the present.

Among the out of town guests were: Mrs. Harold Barton and two daughters of Bloomington; E. W. Cunningham, of Larimore, North Dakota; G. M. Cunningham of Woodson, Mr. and Mrs. C. F. McCracken and daughter of Manchester and Miss Alice Gunn of Jacksonville.

Gunn-Wegehoff.

Henry Orr and Miss Lena Wegehoff of Meredosia were united in marriage by Rev. G. W. Flagg at the Centenary parsonage Thursday afternoon. Sisters of the bride, Mrs. Ed Saegesser of Rushton, Kan., and Miss Nettie Wegehoff of Granite City were present. The young people are well and favorably known in Meredosia and have a host of friends who wish them well.

The bride is the daughter of Mr. and Mrs. H. C. Wegehoff and is known for her habits of industry and pleasing disposition, is a graduate of the Meredosia high school and an active member of St. John's Lutheran church. The groom is the son of Steve Orr and is an upright young man worthy of the helpmate he has chosen. The young couple are very popular in society circles and have the best wishes of a large circle of friends for a future life of happiness.

They departed on the afternoon Wabash train for their home in Meredosia, where they will begin housekeeping at once.

HISTORICAL PAGEANT AT WOMAN'S COLLEGE SATURDAY AFTERNOON

Annual Observance Will Be in Two Parts This Year—History of College Will Be Portrayed.

The Historical Pageant to be given on Illinois Woman's College campus Saturday, June 3, 4:30 p. m. is of unusual interest because of the Seventieth Anniversary of the founding of the College.

The Pageant will be divided into two parts. First, the part carrying out the crowning of the May Queen, and second, a pageant of the growth of the college. The first part will open with the May Pole Dance. Immediately following this the Guiding Spirit of Womanhood and her attendants enter and sing to the May Pole dancers. Some of the May Pole dancers are candidates for the May Queen and the Guiding Spirit of Womanhood and her attendants sing to them to come and choose flowers from the garlands, one of which will indicate who is to be the Queen. Then the May Queen and her attendants are escorted to the dais by the Guiding Spirit of Womanhood and her attendants, who sing: "We hail Thee Queen." The May Queen and the Spirit of Womanhood are seated on the dais and the other attendants are grouped nearby. This is the story in brief of the first part.

The second part represents the history of the growth of the college, from its founding and early struggles thru the period of fire and the reconstruction afterward, leading up to the period of expansion. One of the episodes will represent Aspiration for the Future. The following episodes will be of special interest:

The group which represents the Faith of the founders; another group representing the first class, graduating in 1852. The next episode is Fire, followed by Despair, then Reconstruction. Following these, an Advance to present accented ranks, and The Spirit of Expansion, represented by girls with Horns of Plenty, who scatter flowers and coin, also by girls with golden balls. The last episode represents Aspiration for the Future. The Pageant will be concluded by a recessional, in which all take part and sing to the College of the future, finishing with the regular College song.

Should the day be rainy, the Pageant will be given on Monday, at the same hour. As is customary, no vehicles will be permitted on the College grounds, owing to the danger where the crowd is so large.

GOES TO STARVED ROCK PARK
Miss Florence Blackburn, of the public library staff, left Thursday evening for Starved Rock Park, Illinois, where she will spend part of her vacation as the guest of Miss Isabel Smith and her class in college botany of Illinois College. The young people expect to spend several days studying the natural beauties of this region, which is of special interest geologically as well as botanically. Though Starved Rock and the surrounding country have long been of historic fame, it is only within the last three years that it has been made a state park and put under government ownership.
